

Board Management Made Easy

In today's competitive and crowded nonprofit sector, organizations must be efficient and effective to maximize their social impact.

To achieve this dual objective, forward-thinking organizations are using effective technology like BellesBoard to increase the collaboration between the organization's board, executive team, and administrative staff.

BellesBoard's Benefits

- A centralized platform to **improve communication** among board members and organizational leadership
- **Enhanced security** to safeguard your nonprofit's sensitive information such as executive committee minutes and financial data
- **Simplified document management** to preserve your organization's institutional knowledge
- **Remote accessibility 24/7** via the cloud or your smartphone mobile app
- **Increased engagement and fundraising** with features such as a collaborative workspace, electronic signature, polling, voting and integration with Blackbaud's Raiser's Edge NXT

BellesBoard's Features

- **Accessible from any** device, including PC, laptop, tablet, or mobile phone (board members love the mobile app!)
- **State-of-the-art security** including multi-factor authentication and access controls
- **User-friendly meeting management** module to track attendance and house all board-related meetings and events
- **Custom view permissions** for documents and meetings
- **Visually appealing dashboard** to show high-level fiscal and programmatic metrics
